NOW, LET'S DELVE DEEPER INTO THE REPRESENTATION OF NUMBERS.

PLACE VALUE VOCABULARY

DIGIT	A symbol that represents a whole number.	**1**
VALUE	The amount each digit is worth.	**1000**

UNDERSTANDING STANDARD FORM

PRACTICE MAKES PERFECT!

When whole numbers are written using the digits 0 to 9, they are referred to as being in standard form. In this form, the value of each digit is determined by its position.

RIBU		RATUS	PULUH	
3	,	4	6	1

Standard Form : 3,461

UNDERSTANDING WORD FORM

PRACTICE MAKES PERFECT!

Word form refers to the written representation of numbers using words, rather than numerals.

RIBU		RATUS		BELAS	
5	,	0	1	2	

Word Form : Lima ribu dua belas

SISTEM MATA WANG MALAYSIA

MALAYSIA CURRENCY SYSTEM

SYMBOL **RM**

INTERNATIONAL CODE **MYR**

PRONOUNCE AS **RINGGIT & SEN**

WANG KERTAS *(BANKNOTE)*

Banknote Series

- The current banknotes released by **Bank Negara** (BNM or Central Bank of Malaysia) is the **Fourth Series** and features traditional expressions in the art and craft, natural wonders, flora and fauna, economy and tradition.
- All 4 series of banknotes (except for RM500 and RM1000) are technically still legal tender, so this means that you will be getting some very old series of banknote that are still circulating amongst the public and this will be a confusing mess especially for visitors to Malaysia.
